OFFICE OF THE DEAN Report

10th September 2018

Event Name: Substance Abuse – Life, Society and Legal Implications

Speaker: Dr. V J Chandran, Dy, Inspector General of Police,

Venue: Ground Floor Lecture Hall, MGMCRI College Block SBV Campus

Date: 30th August 2018, Time: 2:00 to 4:00 pm

Mahatma Gandhi Medical College & Research Institute, a constituent college of Sri Balaji Vidyapeeth, Deemed to be University, Pondicherry had organized an awareness talk on 'Substance abuse – life, Society and Legal implications" on 30th August 2018, between 2.00pm and 4.00 under its auspices for the betterment of the student community drawn from Pondicherry and nearby areas. Dr. V.J. Chandran, IPS, Deputy Inspector General of Police, Government of Puducherry addressed the students on this very important topic especially in the wake of the growing menace of the substance abuse by the students at institutes of higher education. In his speech Dr. Chandran spoke at length on drugs, drug abuse, drug dependence. He explained the students about the common drugs that are being abused by the community at large. He said that the abuse of drugs lead to lots of deteriorations in physical, psychological well-being. He warned that the trying of drugs in the first attempt will tempt the human being to try more and this is how the addicts are trapped. Also drug abuse leads to Non-co-ordination of physic and mind, loss of decision making, sluggish reaction, blurred vision and memory loss. Earlier in the day Dr. S.C. Parija, Vice-Chancellor of Sri Balaji Vidyapeeth, presided over the function and said the SBV Policy on drug abuse will be put in public domain and the suggestions from the stake holders will be invited. The Vice-Chancellor initialed a pledge taking by the students on drug abuse which was read by the DIG of Police. The programme is in this direction, the UGC had directed all the Vice-Chancellors to ensure setting up a mechanism for strict compliance in ensuring a drug free environment in educational institutions across the countries especially

with reference to the rules on tobacco, alcohol, and drugs in all areas within the realms of the University.

Feedback: The response of the programme was found to be good to excellent. More programmes are expected by the students and faculty from such crosscutting issues for the welfare of society.

Dr. V J Chandran, IPS, Dy Inspector General of police being felicitated by Hon'ble Vice Chancellor, SBV and Dean of MGMCRI

Report

Title of the programme: **Motivation to Research – An attribute of Professionalism**

Date **24th August 2018**

Time: **2:00 to 3:00 pm**

Participants: Students and faculty of IGIDS, SBV.

On 24th of August 2018, a programme on Professionalism through Research was conducted by the Scientific and Academic Forum between 2:00 to 3:00 pm.

The programme was a lecture by **Dr. Kirthiga, Reader, Pedodontics and Preventive Dentistry**. It is noteworthy that the speaker is the receiver of an international grant and the speech was intended to motivate the participants towards good research. Research is an aspect of professionalism in any health professional.

The programme had a question and answer session. The speaker engaged the doubts and queries of all participants and the discussion was found to be fruitful.

Feedback: The paper feedback was obtained and it was found to be very useful.

A motivational lecture was given by **Dr. Kirthiga.M**, Senior lecturer, Pedodontics in the SAF programme held on 24th August 2018 at Conference hall, 7th floor, IGIDS. The guest speaker provided details on how her research in Early childhood caries was awarded grant by the prestigious Wellcome trust/DBT India Alliance.

REPORT

Interns Orientation Program (IOP)

While internship is a crucial mile stone in medical education, there is a lack of structured approach to the training of interns in most of the medical colleges in India. Realizing the importance of training interns soon after their induction, the Medical Education Unit (MEU) has been conducting a comprehensive training program in two parts. The first part deals with sensitizing the interns regarding the hospital services, their duties and code of conduct. The second part deals with specific issues and skills which are required for ensuring patient safety as well as for enhancing the quality of patient care in a hospital setting. The issues include: How to prevent medical errors, importance of team work, communication skills including verbal and non-verbal communication, rational diagnostics and therapeutics, ethical issues, dealing with pharmaceutical industries and medico-legal issues involved in patient care.

The Part 1 program was held on **05.01.2018**, beginning with a **TED talk on "Doctor's touch"**. This was followed by other issues such as an introduction to CRR - Policies & Practices, Hospital Policies for Interns, OPD & Wards, PHCs including camps, High Dependency Units and Infection Control Policies.

The faculty team consisted of **Prof M Ravishankar, Dean, MGMCRI, Prof. V. N. Mahalakshmi, Dr. Nirmal Coumare, Dr. Tirou Aroul, Dr. C. P. Ganeshbabu, Prof. Seetharaman, Dr. Sridhar Reddy, Dr. Kalaivani.**

Detailed report of the program

Shri Sathya Sai Medical College & Research Institute has conducted an Orientation program for the newly joined MBBS interns on 27.07.2018 in the hospital block, seminar hall at 9.00AM to create awareness to the newly joined intern students with respect to the duties, responsibility, attendance, Wards OP work apart from attending academic programs. The program started with the innovation song by the MBBS students and welcome address by the Vice Principal Curriculum, Dr. Saurabh Shrivastav, followed by address by the Dean SSSMCRI, Prof. Dr. Kotur in which after congratulating all the interns he gave an introduction to the CRRI orientation program and he insisted on professionalism, code of conduct that has to be followed during their internship. Medical Superintendent, Prof. Dr. Vivekananda Subramanathan, congratulated the students for successfully completing the course and he also mentioned the duties and responsibilities of the interns, dress code that has to be followed during the internship, attendance and leave policies of the interns and he also insisted about the discipline and conduct which has to be followed by all interns. Dr. Anusha, Assistant Professor of Psychiatry took a session on importance of communication Skills for the interns. Dr. Dipayan Deb Burman, Associate professor of Forensic Medicine in his session on the medical ethics, he highlighted how to

EVENT REPORT FORM

handle ethical dilemas. The head of the departments of General Medicine, general Surgery, Paediatrics, OBG, Community Medicine, Pathology, Biochemistry, Microbiology gave perspectives and significance of the respective subjects. Dr. Sundaramoorthy, Professor & HoD of Respiratory Medicine sensitized the interns about writing a case sheet. Dr. Shreelakshmidevi, Associate Professor Pharmacology discussed about importance and rationale use of drugs, format for prescription writing and ethical issues in prescription writing.

The program ended with vote of thanks and national anthem.

Summary of the report

(in minimum 150 words, in a prose format for web information, social media and press)

All the newly joined MBBS interns of SSSMCRI have actively participated in the session. The participants were orientated about the significance of internship program, were sensitized about their duties, what is expected from them viz. to attend op clinics, manage wards and attain basic skills of each department that they are posted in, maintain a log book which is proof of his /her work in the department and completion from respected unit chiefs within the stipulated date. The heads of the departments highlighted that the interns should acquire skills, learn methodologies and tools for effective interdisciplinary collaboration and structured problem solving for their professional success. The queries from the participants about the disease was clarified and ended with refreshments.

EVENT REPORT

Summary of the report

(in minimum 150 words, in a prose format for web information, social media and press)

All the newly joined I MBBS Students of SSSMCRI along with their parents have actively participated in the session. The participants were orientated about the significance of MBBS program and were sensitized about the duties of the interns. The students were introduced to college services which will support their educational and personal goals. The students were motivated and encouraged to become familiarize with the campus environment, physical facilities, to create an atmosphere that minimizes anxiety, promotes positive attitudes, and stimulates an excitement for learning. The heads of the departments highlighted that the students should acquire core competencies, learn methodologies and tools for effective interdisciplinary collaboration and structured problem solving for their professional success. The queries from the participants about the disease was clarified and ended with refreshments.

The program ended with vote of thanks and national anthem.

Summary of the session

All the newly joined AHS interns of SSSMCRI have actively participated in the session. The participants were orientated about the significance of internship program and were sensitized about the duties of the interns. The heads of the departments highlighted that the interns should acquire skills, learn methodologies and tools for effective interdisciplinary collaboration and structured problem solving for their professional success. The queries from the participants about the disease was clarified and ended with refreshments.

Interns Orientation Program

The Interns orientation program was held on **18.1.2018** and involved a set of 60 interns participating in it. The guest speaker for the day was **Dr. Neil Dominic, Oral and Maxillofacial Surgeon, IGMCRI**. He deliberated the students on the topic **"Emergency management in dental office"**. The interns are taught on what emergencies can happen in a dental clinic, the drugs that should be available in the setup and how to manage it. The program ended with high tea.

SCOPE

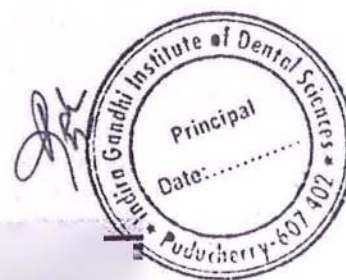

The **"Student Clinician Orientation Program"**, SCOPE, for batch 2015 was held on 17th January, 2018. This program initiated by the DEU unit of IGIDS focuses on the 3rd year students highlighting the importance of transforming from a pre-clinical to clinical program. The program was presided over by the Principal, Dr. Saravana Kumar, Vice-Principal's, Dr. Santhadevy and Dr. Sathyanarayanan, other members of faculty, interns and the 3rd year students. The chief guest of the program was **Dr. Sunayana Choudhry, Assistant Professor, Department of Psychiatry, MGMCRI** and she gave a guest lecture on the topic **"Importance of communication in clinics"** which was a very informative talk for the 3rd year students. The lecture was followed by badging of the students by the interns and taking the Student clinician oath. The program ended with the college anthem and high tea.

Details of the program: Photos enclosed

Details of the stakeholders who benefitted from the program:
 Students who are entering III clinical year

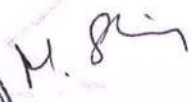

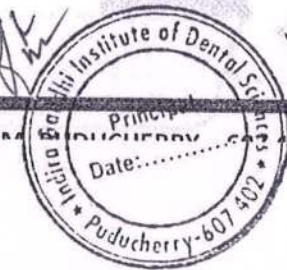

Details of the feedback obtained, feedback analysis and interpretations:
 Enclosed.

How did the program improve quality?

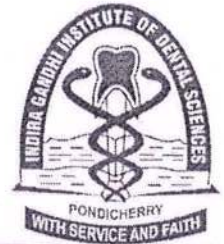

Chair mechanics and ergonomics are part of every dentist occupational necessity which is important to enhance his work efficiency and also to know your device and how to enhance the quality of work in the work place without causing harm to our body.

Infection control and biomedical waste management are integral part of quality enhancement in health care which is not taught in a systematic way. Done properly this programme can be helpful for the students and also for their future when they are entrepreneurs.
