SRI BALAJI VIDYAPEETH DEEMED UNIVERSITY

ESTABLISHED BY THE BOARD OF GOVERNORS OF THE GOVT. OF PONDICHERRY

REPORT

"Ways to Success and Success Stories", Rendezvous with Prof. S. Robinson Smile at MGMCRI, at SBV Knowledge Tree, Puducherry

"One good teacher is enough to change the course of an entire generation." And what better guide for young minds such as we, than our beloved Emeritus Professor Robinson Smile?" -- Quoted the students of SBV.

Sri Balaji Vidyapeeth (SBV), a Deemed to be University in Pondicherry, on Wednesday, **20th February 2019**, organized its second edition of the SBV Knowledge Tree, to inspire the young and old mind of SBV, at Mahatma Gandhi Medical College and Research Institute, Puducherry. The speaker for the event was **Prof. S. Robinson Smile**, Emeritus Professor of General Surgery, MGMCRI, who spoke on "**Way to Success and Success Stories**".

The event was conducted in presence of Prof. Subhash Chandra Parija, Honorable Vice-Chancellor, Sri Balaji Vidyapeeth and Prof. M. Ravishankar, Dean, MGMCRI, and it was hosted by Prof. Partha Nandi, Vice Principal – Student Affairs, MGMCRI.

Prof. S. Robinson Smile addressed the gathering regarding the ways to success and success stories. He focused on motivation, attitude, hard work, setting goals and opportunities. He provided anecdotes and shared the success stories of various famous personalities. He charmed the audience with his simple yet eloquent words of wisdom.

"Never miss an opportunity and do the right thing at the right time," Sir added towards the end. There was short round of Q & A and Prof. Smile impressed the audience with his wit and humour. The tales of his success also motivated the students in the gathering.

OFFICE OF THE DEAN REPORT

Title: TRINITY OF MISSION – Patient care, Research and Education”

Speaker: Professor Emeritus Dr. Vedprakash Mishra

Venue: MGMCRI

Date: 22nd February 2019

GUEST LECTURE: In the distinguished presence of our honourable Vice Chancellor of SBV Prof. Subhash Chandra Parija, a Guest Lecture titled **“TRINITY OF MISSION – Patient care, Research and Education”** was delivered by the internationally acclaimed **Professor Emeritus Dr. Vedprakash Mishra**, a recipient of the prestigious Dr. B. C. Roy National Award and Chancellor, Krishna Institute of Medical Sciences (Deemed to be University), Pro-Chancellor of Datta Meghe Institute of Medical Sciences, Nagpur on **22nd February 2019**, Friday at 2.15 pm. Prof. Vedprakash Mishra in his address stressed that “Mission remains mission if not converted to objectives which is to be achieved through devotion”. “Patient care leads to human welfare and patient care is the fore most important trinity among the other two namely, education and research. Health and education are the two parameters to achieve the Welfare State. In the Trinity of Mission, Education is the input, Research is the throughput and Patient Care is the Output. They are interlinked with each other. The output namely, the Patient care should be Quality Centric Education and quality patient care will comprise of Safe patient care, Effective patient care and cost effective health care. Clinical research is gaining its importance but, research on services and research on systems has to be given equal importance for the overall development of our health sector. Prof. Mishra underlined that Faculty Development Programs serve as catalyst for bringing about transformation. However, in order to be more meaningful such programs should essentially address all of the three domains namely, Patient care, Education & Research in a holistic manner.

KASTURBA GANDHI NURSING COLLEGE
SRI BALAJI VIDYAPEETH, SBV CAMPUS
Pillaiyarkuppam, Puducherry- 607 402.

REPORT ON THE LAMP LIGHTING CEREMONY

The **tenth of January 2019** was a red letter day in the annals of Kasturba Gandhi Nursing College, a constituent College of Sri Balaji Vidyapeeth (Deemed to be University), Puducherry. The day witnessed the **Lamp Lighting Ceremony** of the 16th batch of B.Sc (Nursing) students. The solemn ceremony began with the customary, yet austere procession - the dignitaries in lead, followed by the freshers.

Prof. Sumathy, Vice Principal, KGNC delivered the welcome address. Earlier, the programme began with a soul stirring invocation rendered by the students. A highly motivating introductory address was rendered by Prof. Renuka, Principal, KGNC. The lighting of the lamp with inherent virtues and tenets was enabled by the senior faculty members. Symbolically, the lamp lighting drove home the message that it had illuminated the minds and spirits of the fledgling nursing Professionals.

The Chief Guest of the afternoon was **Prof. Subhash Chandra Parija, Vice- Chancellor**, SBV. Drawing the immediate attention of the Guests, the teachers and the taught, Prof. Parija highlighted the salient features of the stellar progress and rapid strides that KGNC has made in the realms of nursing education, patient care and ethical practice. Prof. Parija made a sincere plea to encourage the Freshers get into the grooves of quality nursing care. This would go a long way in fostering career advancement, he added. The administration of International Nurses pledge, an important item was facilitated by Prof. Lalitha, Director of Nursing Services, MGMCRI. The ceremony instilled the value of nursing profession and the sacrifice that the nurses have to essentially make in their personal front in order to optimally contribute their mite to the noble profession. Prof. Annie Annal, a senior faculty of KGNC proposed a formal vote of thanks.

Lamp-lighting is a glorious tradition followed globally by all Nursing graduates to remind each one of them about the noble traditions of this profession and fondly recollects the monumental and selfless efforts of the lady with the lamp, Florence Nightingale.

STRATEGIC PERSPECTIVE PLAN 2019-20

SL.No.	Plan	Strategy – Responsibility	Time
1.	Undergraduate and post graduate students Induction, Orientation programmes for clinical and interns MGMCRI, SSSMCRI, KGNC, IGIDS	MEU, DEU, NEU should take initiatives to conduct the programme	August/ Sept 2016 - Regular batch and Feb/March 2017 of supplementary batch
2.	Plan for professional ethics and orientation to research during induction by the education units of constituent colleges for students	Scientific and Academic forum of respective institutes or MEU, NEU, DEU can take initiative.	Once in four to six months can be planned. Soon after entry of students of regular batch and before internal assessment of supplementary batch
3	“SBV- Knowledge tree” programme series to continue for this year with more programmes	The speakers can be from various sectors. Programmes can be organized by inviting speakers who are successful entrepreneurs, senior members of fraternity at the national level. All the faculty, administrators, students and non teaching staff should be welcome to this programme.	Atleast once in two months or four times a year.

REPORT

Interns Orientation Program (IOP)

While internship is a crucial mile stone in medical education, there is a lack of structured approach to the training of interns in most of the medical colleges in India. Realizing the importance of training interns soon after their induction, the Medical Education Unit (MEU) has been conducting a comprehensive training program in two parts. The first part deals with sensitizing the interns regarding the hospital services, their duties and code of conduct. The second part deals with specific issues and skills which are required for ensuring patient safety as well as for enhancing the quality of patient care in a hospital setting. The issues include: How to prevent medical errors, importance of team work, communication skills including verbal and non-verbal communication, rational diagnostics and therapeutics, ethical issues, dealing with pharmaceutical industries and medico-legal issues involved in patient care.

The Part I program was held on **25.02.2019**, beginning with a TED talk on "**Doctor's touch**". This was followed by other issues such as an introduction to CRRI - Policies & Practices, Hospital Policies for Interns, OPD & Wards, PHCs Outreach activities camps, High Dependency Units and Infection Control Policies.

The faculty team consisted of **Prof M Ravishankar, Dean, MGMCRI, Prof. Seetesh Ghose, Dr. Swati Pawar, Dr. Mohamed Hanifah, Dr. C. P. Ganeshbabu, Prof. Seetharaman, Mr. Kishore.**

Detailed report of the program

Shri Sathya Sai Medical College & Research Institute has conducted an Orientation program for the XIV batch of newly joined MBBS interns on 01.08.2019 in the hospital block, seminar hall at 11.00AM to create awareness to the newly joined intern students with respect to the duties, responsibility, attendance, Wards OP work apart from attending academic programs. The program started with the innovation song by the MBBS students and welcome address by the Vice Principal Curriculum, Dr. Saurabh Shrivastav, followed by address by the Dean SSSMCRI, Prof. Dr. Kotur in which after congratulating all the interns he gave an introduction to the CRRI orientation program and he insisted on professionalism, code of conduct that has to be followed during their internship. Medical Superintendent, Prof. Dr. Sukumaran Annamalai, congratulated the students for successfully completing the course and he also mentioned the duties and responsibilities of the interns, dress code that has to be followed during the internship, attendance and leave policies of the interns and he also insisted about the discipline and conduct which has to be followed by all interns. Dr. Abilash, Vice Principal Student Affairs highlighted the importance of communication Skills for the interns. Dr. Vijay Kautilya,

EVENT REPORT FORM

Professor & HoD of Forensic Medicine in his session on the medical ethics, he highlighted how to handle ethical dilemmas. Dr. Venkatadri, Professor & HoD of Pharmacology discussed Prescription writing. The head of the departments of General Medicine, general Surgery, Paediatrics, OBG, Community Medicine, Pathology, Biochemistry, Microbiology gave perspectives and significance of the respective subjects. Dr. Senthilkumar, Associate Professor of General Medicine sensitized the interns about writing a case sheet.

The program ended with vote of thanks and national anthem.

Summary of the report

(in minimum 150 words, in a prose format for web information, social media and press)

All the newly joined MBBS interns of SSSMCRI have actively participated in the session. The participants were orientated about the significance of internship program, were sensitized about their duties, what is expected from them viz. to attend op clinics, manage wards and attain basic skills of each department that they are posted in, maintain a log book which is proof of his /her work in the department and completion from respected unit chiefs within the stipulated date. The heads of the departments highlighted that the interns should acquire skills, learn methodologies and tools for effective interdisciplinary collaboration and structured problem solving for their professional success. The queries from the participants about the disease was clarified and ended with refreshments.

Detailed report of the program

The Foundation Course for the I MBBS (2019-20) as per the New Competency Based Curriculum of MCI, commenced on 7th Aug 2019 and was successfully completed on 7th September, 2019. The schedule for the entire 175 Hours of instruction of the Foundation Course was drafted well in advance in sync with our sister institution MGMC&RI, Puducherry, Sri Balaji Vidyapeeth (Deemed to be University) under the Guidance & suggestions of our Hon. Vice Chancellor & Respected Deans of both the Institutions. The same were uploaded with the checklist at our Institution's Website. All the Basic Sciences faculty attended several appraisal meetings about the Foundation Course conducted by the I MBBS Coordinator, 3 Department HODs and our MEU unit. Dr. Abilash S. C, Vice Principal Student affairs of SSSMCRI gave a talk, sensitize the students and created an awareness about the Student wellbeing @ SSSMCRI including the Antirragging measures which has been adopted in SSSMCRI as per the UGC guideline, Current system of Mentor- Mentee System. The importance of Code of Conduct, the committee to monitor the code of conduct. The Dress Code in SSSMCRI/ and the Leave & Attendance Policy

The program ended with national anthem.

EVENT REPORT FORM

Summary of the report

(in minimum 150 words, in a prose format for web information, social media and press)

All the newly joined I MBBS Students of SSSMCRI along with their parents have actively participated in the session. The participants were orientated about the significance of MBBS program and were sensitized about the duties of the MBBS students. The students were introduced to college services which will support their educational and personal goals. The students were motivated and encouraged to become familiarize with the campus environment, physical facilities, to create an atmosphere that minimizes anxiety, promotes positive attitudes, and stimulates an excitement for learning. The heads of the departments highlighted that the students should acquire core competencies, learn methodologies and tools for effective interdisciplinary collaboration and structured problem solving for their professional success. The queries from the participants about the disease was clarified and ended with refreshments.
