

Eye Donation Fortnight events 2019

In view of the “Eye donation fortnight “which falls between the 25th of August and 8th of September 2019,the department of Opthamology, SSMCRI organized a series of events aimed at increases in the awareness of corneal blindness and the importance of eye donation. **Public health lecture** – will be delivered by the chief of the SankaraNetralaya Eye bank – MrHariBabu, on the importance of eye donation. There will also be awareness messages given by the faculty of ophthalmology on ocular diseases like cataract and glaucoma. MrHariBabu will also address in house staff on how to counsel a patient’s attender for eye donation.

Blind date- A fun activity to expose and explain the world of the blind. All the events of the fortnight were successfully conducted in a grand manner with the blessings of the management and hospital authorities. The students, PGS and CRRIs participated in large numbers and showed enthusiasm to make this fortnight a memorable one.
